

# AA.VV. 90

## catalogs, monographs, editions

11 February - 9 April, 2021

This year Galleria Fumagalli is celebrating **Annamaria Maggi's 30-year directorship at the gallery** launching the program of exhibitions and digital initiatives "MY30YEARS. 1991 - 2021".

Taking a look at the activities carried out so far, Galleria Fumagalli presents the significant editorial production of the latest three decades, opening the exhibition "**AA.VV. 90 catalogs, monographs, editions**". 90 is the number of publications curated or edited by the Gallery: monographs including essays by renowned critics; catalogs of solo and group shows often edited in collaboration with important international institutions; catalogues raisonnés resulting from the meticulous filing of the artists' works; anastatic reprints of historical editions of art from the second half of 20th century.

The books will be exhibited in the space of via Bonaventura Cavalieri 6 - Milan from 11 February to 9 April 2021.

The exhibition introduces the project "MY30YEARS. 1991 - 2021" aimed at celebrating Annamaria Maggi's 30 years as director of the gallery and underlining the consistency of her aesthetic and curatorial choices, through a series of exhibitions - curated by art historian Lóránd Hegyi - which will combine different generations of artists who determined the artistic vision of Galleria Fumagalli.
